

I am writing you to request that you leave the Wisconsin No List as it is. My phone does not ring nearly as much as it did before the No Call list. And if I tell the caller (solitor) about the No Call list they are willing to hang up immediately. In fact, I'd like to see the list expanded to religious entities. I've gotten numerous calls recently from religious orders and area churches solitoring membership and donations.

Thank you for your consideration.
